

## One World Romania and KAS RLPSEE

January 2021

### Event report

In January 2021, KAS RLPSEE handed over a full set of equipments (outdoor inflatable movie screen, professional projector, audio mixer, microphones) for mid-sized outdoor side-events and film screenings to the One World Romania International Human Rights and Documentary Film Festival.

The new equipment will allow the OWR Association to organize more educational screenings of documentaries on rule of law topics all over Romania.
